We start with knowing your business

Prior to making any service recommendations, we firmly believe in thoroughly understanding your business. To facilitate this, we've developed a comprehensive approach. This ensures that both you and we are aligned and have a clear understanding of the objectives we aim to accomplish.

Our comprehensive Marketing Plan workshop aims to gain a thorough understanding of your business before suggesting any strategy for maximum effectiveness.

We create your customer persona

We create a customer persona, an individual that is your ideal customer. Defining this persona completely, we go into every little detail.

From basics like; gender, age, geographical location, income bracket... to their identifiers, goals, preferences and challenges we leave no traits unexplored.

We give you competition overview

We take a complete overview of your competition e.g. what they are doing on social media and website. How are they on google search results? What are their google reviews?

We define your goals
